

SEATING ARRANGEMENTS

Directions (1-5): Study the following information carefully and answer the questions given below.

L, M, N, O, P, Q, R, and S are sitting around a circular table facing the center but not necessarily in the same order. They all are discussing an important topic. N is an immediate neighbor of both L and R, who is an immediate neighbor of P. P sits second to the left of N. Only two persons sit between P and S. M is an immediate neighbor of O. Only one person sits between M and Q.

1. What is the position of O to S in the above arrangement?

- A. Third to the left B. Immediate left C. Second to the right D. Immediate right E. None of these

2. Four of the following five are alike in a certain way and thus form a group. Which is the one that does not belong to that group?

- A. MS B. QL C. NM D. RP E. OM

3. Who among the following sits second to the left of the one who is on the immediate right of O?

- A. Q B. M C. O D. S E. None of these

4. Which of the following persons sits between M and Q?

- A. O B. L C. N D. S E. None of these

5. Who among the following sits third to the right of the one who sits opposite to N?

- A. L B. S C. R D. O E. None of these

Directions (6-10): Study the following information carefully and answer the questions given below.

Nine persons Anu, Bablu, Cheenu, Dona, Esha, Faria, Gaurav, Harish, and Ishita are sitting in a row and all are facing north. It is known that Cheenu sits exactly in the middle and there is no person to the right of Ishita. Dona is fourth to the right of Faria. Gaurav and Harish are sitting next to each other. Esha is the neighbor of Dona but not of Cheenu. Harish doesn't sit at any extreme corner. Dona is not sitting adjacent to either Cheenu or Ishita. Anu is second to the right of Harish.

6. Who is sitting to the immediate left of Cheenu?

- A. Faria B. Anu C. Harish D. Dona E. None of these

7. Who is sitting between Bablu and Esha?

- A. Dona B. Faria C. Gaurav D. Cheenu E. None of these

8. Four of the following five are alike in a certain way and thus form a group. Which of the following does not belong to that group?

- A. Gaurav and Harish B. Cheenu and Bablu C. Faria and Gaurav D. Dona and Esha E. Esha and Ishita

9. Who is sitting third to the right of Harish?

- A. Bablu B. Dona C. Faria D. Cheenu E. None of these

10. Who is sitting in the leftmost seat of the row?

- A. Faria B. Bablu C. Gaurav D. Dona E. None of these

Directions (11-15): Study the following information carefully and answer the questions given below.

Eight students Aadvik, Tanish, Jiral, Vaibhav, Yashith, Bhavin, Rithwik, and Kiansh sit at a square table. Four persons sit in each corner of the table and four persons sit on each side of the table but not necessarily in the same order. All are facing outside. Aadvik is an immediate neighbor of Kiansh. Bhavin does not sit third to the left of Tanish who doesn't sit at the corner. Bhavin sits fourth to the right of Yashith. There are three persons sitting

between Tanish and Jiral. Jiral sits third to the left of Vaibhav. One person sits between Jiral and Kiansh. Rithwik and Kiansh are not immediate neighbors.

11. Four of the following five are alike in a certain way and hence form a group. Which of the following does not belong to the group?

- A. Aadvik B. Vaibhav C. Bhavin D. Yashith E. Rithwik

12. Tanish is related to Kiansh in a certain way, Bhavin is related to Aadvik then in the same way Jiral is related to which among the following?

- A. Rithwik B. Tanish C. Vaibhav D. Bhavin E. Aadvik

13. Who among the following sits fifth to the right of Kiansh and the immediate right of Rithwik?

- A. Aadvik and Vaibhav B. Only Bhavin C. Vaibhav and Yashith
D. Tanish and Yashith E. Only Vaibhav

14. Which of the following people sits between Jiral and Kiansh?

- A. Tanish B. Rithwik C. Aadvik D. None E. None of these

15. Which of the following persons sits opposite to the one who sits second to the right of Rithwik?

- A. Bhavin B. Jiral C. Tanish D. Yashith E. None of these

PUZZLES

Direction (1-5): Study the following information carefully and answer the given below.

Nine persons- A, B, C, D, E, F, G, H and I are living in a nine-storey building but not necessarily in the same order. The bottommost floor is numbered as 1 and the floor immediately above it is numbered as 2 and so on. D lives on an even-numbered floor but above the fifth floor. Only three persons live between D and C. A lives two floors above C. G lives immediately above A. Only one person lives between G and B, who lives above A. As many floors below B as above F. I live above H but below E, who doesn't live on the topmost floor.

1. Who among the following persons lives on the fifth floor?

- A. G B. E C. I D. B E. C

2. How many persons live between B and E?

- A. One B. Two C. Three D. More than three E. No one

3. If all the persons are arranged in alphabetical order from bottom to top, then how many persons remain unchanged in their positions?

- A. One B. Two C. Three D. More than three E. No one

4. Who among the following persons lives three floors above H?

- A. F B. A C. The one who lives between A and C D. G
E. The one who lives two floors above G

5. Four of the following five are alike in a certain way and hence form a group. Find the one that doesn't belong to that group.

- A. B B. F C. A D. I E. G

Directions (6-10): Study the following information carefully and answer the questions given below: Eight persons-

P, Q, R, S, T, U, V, and W, are living in an eight-story building but not necessarily in the same order. The lowermost floor is numbered as 1 and the floor immediately above it is numbered as 2 and so on. Not more than one person lives on the same floor. P lives three floors above R, who lives on a prime-numbered floor. Only three persons live between P and V. T lives two floors above V. As many floors below T is the same as above W. U lives above W but does not live immediately above. The number of persons living between U and Q is one more than the number of persons living between R and S. S lives above

6. How many persons live between T and S?

- a) As many persons live between P and R
- b) One
- c) As many persons live between V and P
- d) Four
- e) None of these

7. If all persons are arranged in alphabetical order from top to bottom, then how many persons remain unchanged in their positions?

- a) One
- b) Two
- c) None
- d) Three
- e) More than three

8. Who among the following people lives three floors below T?

- a) The one who lives immediately above R
- b) W
- c) V
- d) The one who lives immediately below V
- e) None of these

9. As many floors above U is the same as below ____?

- a) V
- b) The one who lives two floors above Q
- c) W
- d) The one who lives immediately above P
- e) None of these

10. On which of the following floor does S live?

- a) Fifth
- b) First
- c) Eighth
- d) Seventh
- e) Fourth
